

Archangel Michael Message:

We have been living in an unreal world, a world of illusion where by the truth have been distorted, altered and even deleted in order to take away our God giving powers, and keep us captive in a reality of fear, straggle and depravation. The Creators master plan for this Universe is stored away within our sacred mind and the key to the wisdom of the ages, and the ability to once again become a master/ or Creator on the Earth plane is stored on our Sacred Heart. That is why they have emphasize so often the importance of removing the protected shield we place over the Solar Heart Center ions ago, so that we would not feel so much emotional distress. What we were not aware is that by doing so, is that our radiance was greatly diminished for the in-flow and out-flow of Divine Creator Light from our Sacred Heart Center, was also greatly decreased. As a result, we could no longer activate the Adam mantic particles of Creative Light with pure loving intent from within our Sacred Heart. Thereafter, we had only the half spectrum prime of light force substance to work with. Our threefold flame could no longer place force, therefor; our creator abilities to manifest were also diminished, and that began the straggle to tap into and use our divinely bestow attributes and talents. We are in an Era of great reversal, rectifications, and expansion, were we've been giving an opportunity to harmonize all the negativity; we have personally created along with the iniquities that were forced upon us. They have explained that when we, the Star seed, began our journey out into the great void and the un-manifest Universe, elaborate plans for the pathway back into the refine realms of Light were made and put on hold until the appropriate time and certain conditions were met. That time has arrived, and the plan has been activated, as we are aware; every phase of Life for humanity and the Earth has radically changed in the last 30 years. Beloved, be aware that what it has occurred in the recent past is only the beginning of even greater changes, and our Higher Self are endeavoring to give our techniques, advance information, teachings and every opportunities to traverse the waves of change with easy and grace. We have explained briefly, in several ways, how we refracted into smaller facets of our" Divine I Am Presence" in preparation to assist in the creation of the ever denser, reduced frequency, lower dimensional galaxies, solar systems and planets. We have also discuss how each fragment of our Divinity then separated into two sparks of Light, one with feminine attributes, and the other with masculine characteristics; each one of those profound separations was accomplish within a small pyramid of Light created expressly for that purpose. The Master Plan was fail proof, for each time we divided our essence, we left an etheric

replica waiting for the time of reunification within one of the small pyramids of light, these personal Pyramids are scattered throughout the Universe in many dimensions and many of the sub-dimensions. Our Beloved Father-Mother God, The Elohim, Builders of form and the Archangels have created living pyramids of Light within every level of Creation, so we can get access to the building blocks of Life. These Life giving forms give access to the frequencies of Light which are necessary components of transformation, so that we; as human beings, can return to a state of 'Higher Consciousness', Our Divine State. We are in the process of reconnecting with the many facets of ourselves which are situated within the multilevel of the 5th dimension, and some of us have even connected with a fragment or two of our 6th dimensional essence. When we speak of the soul merge, it is not just a onetime occurrence; it is the beginning of an ongoing wondrous and complicated process whereby each time our energetic signature reaches a certain frequency, we are reconnected with a higher facet of our soul, Higher Self. The Pyramid that contains the etheric replica of that facet of Self moves into alignment with our Column of Light, which is our connection to our I AM PRESENCE, GOD SELF, and gradually the essence of that fragment merges with our soul self, within our Sacred Heart Center, When we reach a certain level of God Consciousness, the process is greatly accelerated, and the time span between each soul merges dramatically lessens.

The Law of the circle has been initiated throughout this Universe, and the energetic impact of this Grand Supreme Creator Seed Thought is now operating in full force. The Time of expansion for this phase of Creation it has come to a close, and the current phase of the cycle entails the Creator sending forth Its Essence to incorporate all that has been created during this particular cycle of expansion. It is a merge of all the balance, manifested essence of Creation so that the Supreme Creator, The Gods, and Goddesses throughout the Omni Verse, and all the great Beings of Light can know and experience all that they have created. We have heard this saying many times: As above, so below and this is an important truth to remember.

Just as we are reclaiming all the facets of our Divinity, the same reunification process is occurring from the Supreme Creator Source outward. The information we have given to assist us in reclaiming our co creative abilities is a micro cosmic duplication of the creative process throughout the Omni Verse. First, we must gain the ability to draw forth the full spectrum Metatronic Light. Life force of this Universe called Adamantine particles, which is radiated forth into the river of Life

from the Heart Core of our Father-Mother God. It becomes accessible when our energetic signature is at tune to the Mid-4th dimensional level and higher. In order to take advantage of this Divine Gift, we must understand and apply the Universal Laws of Manifestation, and we must activate the Adam mantic particles of Light with our Pure Intention before this essence of Light can be activated and flow forth out into the World. To speed up the process, it is important that we have created our own personal Creator Wheel, Flower of Live Circle around us, and we have felted with our carefully thought out grand design for the future. Thereafter, by the infinity breathe, our focus intentions and delivered actions; the process of manifestation in the material world is greatly accelerated. The up and flow of Creation is never ending, there is a still point pause while the seed thought are being form and the essence of Light is activated within the mind and Heart of the Creator, and at every level of Creation, down to us; A human co-creator on Planet Earth. This is accomplish by infusing, activating the seed thoughts with love, the seed thoughts are then breath out into the void to be manifested in the world of form, this process continues through each great cycle until it is time for the return; reunion process to begin. All Creation is in the process of being incorporated into the Grand Creator Circle of Divine Light and anticipation of the next great still point pause, and the next momentum cycle of expansion. This process is repeated over and over again at every level of Creation within this Universe, we are in the midst of a Cosmic Reunion Process, our brave Brothers and Sisters, and we will evolve in due time, in one way or another, we must be aware that this transformation process is a long and complex cycle, however; it can be a grand journey if we would take advantage of the wisdom teachings and the tools that have been offered to us. The Law of the Circle states that: Every new Creator endeavor must begin from within the still point of will, power, the core essence of the Creator, co-creator. The Law of the Triangle is another important component of Creation; we are familiar with the Trinity Concepts from our Bible; Father-Son-Holly Spirit; which in actuality is the masculine facet of God, the first Ray of Divine Will, Power. And the Wholly Spirit is the Mother facet of God, which has been infused with seed thought Adam mantic particles from the mind of the Father-God. The seed thought then have been activated with the Second Ray of Love, Wisdom within the Heart Core of the Mother-God, and then sent forth out in to the Universe by the river of Life, to be use by the Sons/Daughters through the qualities, attributes and aspects of the 3rd Ray to create worlds and wondrous things without end. The Power of the Trinity has been a driving force throughout this Universe. Archangel Metatron, Lord Melquisedeck, and Archangel Michael form a Trinity of Consciousness at the Universal level, they bare and radiate the Divine

Light, Divine Wisdom, Divine Will aspects and qualities of our Father-Mother-God out into this Universe. The Trinity of Consciousness is an important component of the creative process, for we must use the attributes, qualities and aspects of the tree powerful God Rays if we wish to become a successful, proficiency God Creator of form at any level of Creation. We, the Star seed, have joined with many groups, large and small; throughout the Universe, and we have accepted special assignments which were to be carrying out as a group in various locations and specific times. It has been mention before that we have been encoded with time or event triggers within your Diamond-core-God-cell, which has been or it will be activated at the designated time, or when specific part of the grand plan was to be initiated. We have been a part of many Trinity cells, which consisted of special assignments of the Highest Order. This Try up are usually compose of close soul companions, or souls who have had many special assignments in the past, and will also come together in the future. Groups of three, nine and twelve are joining together more and more often during this time of reunion, and this will occur even more often in the future.

Are we ready to expand our vision beyond our private little world, or microcosmic reality? YES! YES! YES, I AM!

Are we ready and willing to accept the truth that we affect everyone and everything in this Universe, to one degree or another, and that everyone on Earth, and in every other realm also affects us? YES!

We ask each of us, Are we ready to use the wondrous gifts that are our divine birth right, what will be our legacy to humanity and Mother Earth. Let's reach for the Stars! Beloved, for there is no limit for what we can manifest when our visions are in harmony with the Divine Plan for the greatest good of all. We can call forth a legion of Angels, and lovely and gladly will assist us until the victory of the Light is manifested.

We know the Light is in our Sacred Heart Center, to inspire, guide, and protect us, and to radiate THE LOVE of our FATHER-MOTHER-GOD

Words of our Beloved ARCHANGEL MICHAEL, to All Beloved Sons/Daughters of FATHER-MOTHER-GOD-CREATION.
